The Company also offers the Customer optional services related to Refills (the "Services").

The aim of these terms and conditions of sale and use (the "TCS") and the documents to which they refer (particularly the "Store" section of the Website) is to define the respective rights and obligations of the Company and the Customers (the "Parties") with respect to the sale on its Website of the Trackers, Services and Subscriptions and their use by Customers. They constitute the only contractual provisions applicable between the Company and the Customer and exclude the application of any terms and conditions of purchase of the Customer, unless an exception is expressly made in writing and signed by the Parties.

The creation of an account on the Website therefore implies that the Customer has previously read these TCS and has understood and knowingly accepted them. Acceptance of the TCS is confirmed when the Customer checks the "I accept" box below these TCS.

- 6.3. Before using the Tracker, the Customer must activate it on the Website within 30 full days of receipt of the Tracker(s). If activation does not occur within this period, the Tracker, Services and Refills can no longer be used or accessed by the Customer, who must then contact the Company's customer service department to have it reactivated free of charge. The account and login details assigned by the Company to the Customer are strictly personal and confidential. The Customer is solely responsible for ensuring their protection. The Company advises the Customer not to disclose such login details to any third party.
- 6.4. The Customer is informed that Service activation times depend largely on the procedures of mobile telephone operators. Consequently, the Company cannot guarantee the activation time.
- 6.5. In addition to the Tracker and regardless of the Subscription plan chosen, the Customer will receive a SIM card which has no telephone number assigned to it and allows the transfer of data between the Tracker and the

7.2. The SUBSCRIPTION includes: 7.2.1. Access to the Customer Area for configuring and managing alerts and the Customer account; 7.2.2. 3 MB of data transfer per month which, in theory, gives a right to 20,000 locations per month. Over 3 MB of data use per month, the SIM card will be suspended for the remainder of the current month and reactivated the following month. This limit is applied by the Company to protect against fraudulent use or misuse of the SIM cards.

7.3. The Customer selects the desired SUBSCRIPTION plan at the time of purchase of a Tracker on the Website or when choosing a SUBSCRIPTION plan on the Website.

7.4. "1 year" Subscriptions are valid for one year from the Tracker activation date. At the end of the 12 months, a tacit renewal is made. This tacit renewal is cancellable at any time before the end of the current year by contacting Weenect customer service.

7.5. "2 years" Subscriptions are valid for two years from the Tracker activation date. At the end of the 2 years, a tacit renewal is made. This tacit renewal is cancellable at any time before the end of the current 2 years by contacting Weenect customer service.

7.6. "Freedom" Subscriptions are valid for one month from the Tracker activation date. At the end of the month, a tacit renewal is made. This tacit renewal is cancellable at any time before the end of the current month by contacting Weenect customer service.

ARTICLE 8. OPTIONAL SERVICES - WARRANTIES

8.1. In addition to Subscriptions, the Customer may choose, with no obligation to purchase, the optional Services listed on the Website, including:

8.1.1. Entry of five alert contacts for emails and, if the SMS Package option is chosen, text messages.

8.1.2. Receipt of Alerts by Smartphone notifications, emails or text messages if the option is enabled.

8.1.3. The "SOS call" option, limited to 10 minutes per month, allows a call to be made by the Trackers, from the App to the number entered in the Customer Area, following an SOS notification (not working for WEENECT PETS).

8.1.4. The money back guarantee option: the Company agrees to issue a full refund to the Customer, upon request, within 15 days of receipt of the Tracker. To receive this refund, the Customer must request a return authorization from the customer service department and return the Tracker in its original packaging with all its accessories and in perfect condition (in terms of both appearance and operation).

8.1.5. Trackers come with a two-years manufacturer warranty. This warranty applies if the Tracker malfunctions, provided it has not been dropped, broken or improperly used, and for as long as the Customer has a Subscription and is up-to-date with his/her payments.

8.2. The optional Services and SMS packages are valid for the entire refill period and can be carried over to any refill renewal.

8.3. The provisions of these TCS are without prejudice to the statutory guarantees and, in particular, the guarantee against latent defects referred to in Articles L.211 and L.1641 et seq. of the French Civil Code.

- Article L.211-4 of the French Consumer Code: "The seller must deliver an item that complies with the contract and is responsible for any non-conformity that exists at the time of delivery. It is also responsible for any non-conformity resulting from the packaging, the assembly instructions or the installation when the latter is its responsibility under the contract or was carried out under its responsibility. "

- Article L.211-5 of the French Consumer Code: "In order to comply with the contract, the item must:

1. Be suitable for the purpose usually associated with such an item and, where applicable:
 - correspond to the description given by the seller and have the characteristics that the latter presented to the buyer in the form of a sample or model;

- have the characteristics that a buyer can legitimately expect based on the public statements made by the seller, the producer or its representative, particularly in advertising or labeling;

2. Or have the characteristics defined by mutual agreement between the parties or be suitable for any special purpose indicated by the buyer which has been made known to the seller and to which the latter has agreed. "

- Article L.211-9 of the French Consumer Code: "In case of non-conformity, the buyer may choose between repair and replacement of the item. However, the seller may refuse to honor the buyer's choice if said choice results in a cost that is grossly disproportionate to the other option, given the value of the item or the extent of the non-conformity. It must then proceed with the option not chosen by the buyer, unless this proves impossible."

- Article L.211-10 of the French Consumer Code: "If neither repair nor replacement of the item is possible, the buyer may return the item and obtain a refund of the price or keep the item and obtain a refund of a portion of the price. The buyer has the same option:

1. If the solution requested, proposed or agreed upon pursuant to Article L.211-9 cannot be implemented within one month following the buyer's claim; or

2. If this solution cannot be implemented without significant inconvenience to the buyer given the nature of the item and the buyer's intended use. However, the sale cannot be canceled if the non-conformity is minor."

- Article L.211-11 of the French Consumer Code: "The provisions of Articles L.211-9 and L.211-10 are applied at no expense to the buyer. These same provisions do not prevent the award of damages."

- Article L.211-12 of the French Consumer Code: "The action resulting from the non-conformity is time-barred two years from delivery of the item. "

- Article L.211-13 of the French Consumer Code: "The provisions of this section do not deprive the buyer of the right to exercise the action resulting from unacceptable defects pursuant to Articles 1641 to 1649 of the French Civil Code or any other contractual or non-contractual action granted to the buyer by law."

- Article 1641 of the French Civil Code: "The seller is liable for the warranty against latent defects which make the item sold unfit for its intended use, or which so reduce such use that the buyer would not have purchased it, or would only have paid a lower price for it, if he/she had been aware of them. "

- Article 1644 of the French Civil Code: "In the cases covered by Articles 1641 and 1643, the buyer may choose to return the item and obtain a refund of the price or keep the item and obtain a refund of a portion of the price, as arbitrated by experts. "

- Article 1645 of the French Civil Code: "If the seller was aware of the defects, it is liable, in addition to refunding the price it received for the item, for all damages payable to the buyer."

- Article 1646 of the French Civil Code: "If the seller was unaware of the defects, it will only be liable for refunding the price of the item and for reimbursing the buyer for the expenses arising from the sale."

- Article 1647 of the French Civil Code: "If the defective item wears out as a result of its poor quality, the seller is responsible for the loss and must refund the price to the buyer and pay the other damages described in the two previous articles. However, the buyer will be responsible for a loss resulting from a fortuitous event."

- Article 1648 of the French Civil Code: "Action resulting from unacceptable defects must be brought by the buyer within two years of discovery of the defect. In the case covered by Article 1642-1, in order for the right to be exercised, the action must be brought in the year following the date on which the seller may be released of liability for obvious defects or obvious non-conformities. "

ARTICLE 9. CUSTOMER'S OBLIGATIONS – PAYMENT – LATE PAYMENT

9.1. The Customer agrees to follow all instructions related to the configuration and use of the Tracker and to refer to the user guide provided with the Tracker. The Customer will be solely responsible for the improper use or configuration of the Tracker. As may be necessary, the documentation related to the Tracker is available on the Website.

9.2. Under no circumstances may the Customer damage or allow those close to him/her or his/her children to damage the physical, electromagnetic and electronic integrity of the Tracker. Responsibility for the risks related to owning and using the Tracker is transferred to the Customer upon his/her receipt of the Tracker, barring a manufacturing defect.

9.3. The Trackers are not intended to replace personal supervision.

9.4. The Customer agrees to use the Weenect Kids product only on his/her own children if they are five years of age or older and to follow the recommendations for use provided in the user guide, particularly to: place the Tracker in the child's bag and/or use the protective pouch included in the Tracker's packaging as soon as possible. The Customer agrees to use the Weenect Silver only on his/her relatives if they agree and to respect the recommended conditions of use such as the use of the protection pouch whenever possible. The Customer agrees to use the Weenect Pets and/or Weenect Cats products only on his/her own pets and to follow the recommendations for use provided in the user guide.

9.5. In the event that the Company sends the Customer a new Tracker, at the Customer's request, as a replacement for an original defective Tracker, the Company will send the second Tracker after receiving the original Tracker and verifying the Tracker's condition and the terms of the manufacturer's warranty. The Customer must first contact the customer service department to obtain a return authorization number. The exchange will be made at no cost to the Customer subject to validation of the warranty terms by the Company.

9.6. If returned Trackers do not comply with the return conditions (damaged packaging, missing instructions, etc.) or if the Tracker has been damaged by the Customer or those close to him/her, the Tracker will not be replaced free of charge and the Company will send the Customer a notification email. Upon receipt of payment of the sale price of the new replacement Tracker, which will be billed to the Customer prior to shipment, the Company will then replace the damaged Tracker.

9.7. The Customer agrees to receive only paperless invoices, which will be made available in his/her Customer Area. A paper invoice will be sent to the Customer upon request.

9.8. The Customer agrees to remain up-to-date with his/her financial obligations towards the Company, based on the refill prices available on the Website. The Customer agrees to check his/her email and the Customer Area regularly in order to receive all new messages and information from the Company.

9.9. The Company reserves the right to unilaterally change the Subscription price and/or any or all of the TCS previously applicable to the Customer at the end of each contract period. The Customer will have the option to accept or refuse such changes. If the Customer accepts them, the new prices and/or TCS will apply to the new contract period.

9.10. Moreover, the Company reserves the right to suspend the Subscription and the Services or to deactivate the Tracker in case of a payment incident not resolved by the Customer.

ARTICLE 10. CUSTOMER ACCOUNT DEACTIVATION

The Customer's failure to fulfill the obligations assumed under the TCS, any payment incident related to the price of an Order, actions contrary to morality and public order or harmful to the Company's reputation and image, and the provision of false information at the time of account creation may result in the suspension of access to the Company's Services and refills, and even the cancellation of the Customer's account and refills depending on the severity of the actions in question, without the possibility of damages or compensation of any kind being claimed against the Company. The Company reserves the right to refuse any order from a Customer with whom such a dispute exists, even if the Customer uses a new account.

ARTICLE 11. COMPANY'S OBLIGATIONS - LIMITATION OF LIABILITY

11.1. The Company supplies Trackers, Subscriptions and Services, but is in no way the designer or manufacturer of the Trackers. Consequently, the Company may under no circumstances be required to pay compensation for any harm sustained by the Customer related to the use of the Tracker, including any harm that does not result exclusively and directly from an error on the part of the Company.

11.2. Because of the technological limits on antennas and GPS satellite signals, the Company cannot guarantee that the GPS device will work 100% of the time. Cell towers and satellite-based GPS links may experience downtime, interruptions and dead spots. The Tracker, the App or the SIM card may be subject to unexpected malfunctions or network limitations.

11.3. The Customer confirms that he/she understands the limits of the technology and may not hold the Company liable for network limitations or GPS tracking problems. In addition, the Company cannot provide information other than the Tracker's GPS location and cannot guarantee the identity of the person to whom the Tracker is attached.

11.4. The Customer declares that he/she is aware that, given that the GSM/GPRS network of mobile telephone operators and the GPS network are in the process of being rolled out, some parts of the country may not be covered by these networks and access to service there may be disrupted. If the Customer is located in an area that is not continually or permanently covered by the network, thereby making the Services inapplicable, he/she must contact the Company's customer service department as quickly as possible to obtain a refund of the Tracker and to have the refills canceled.

11.5. The Company agrees to ensure the proper operation of the Weenect system and to take the necessary measures to maintain the continuity and quality of the Services. It is expressly agreed that the operation of the Weenect Service is based on technologies developed and operated by third parties with which the Company has no means of intervention (including network coverage and operation of the infrastructures of third parties that provide mobile telephone communication service - GSM). The Customer is therefore informed that the Company provides its services based on a best-efforts obligation. Furthermore, repairs or maintenance work on its servers and/or on operators' networks may require the Company to suspend the service, yet without giving a right to any compensation. Wherever possible, the Company will inform the Customer in advance of planned suspensions. Based on the current state of technology, tracking service is subject to the technical conditions of Coverage and access to GPS Coverage, i.e. the view of at least three satellites, and clear sky exposure of the receiving antenna, or the provision by the telecom operator of a location (cell ID). GPS tracking is generally not possible if the mobile security system is in a building, basement, tunnel or an enclosed covered space. GPS tracking by the operator (Cell ID tracking) is subject to the existence of GSM coverage.

11.6. The Company may not be held liable when the failure of the Weenect Service or the Tracker results from one of the following events:

11.6.1. Failure, inadequacy or congestion of GSM, GPRS and GPS Coverage;

11.6.2. Voluntary or involuntary failure, malfunction, alteration or degradation of the Tracker, battery that is dead or damaged in a way that prevents its operation;

11.6.3. Problems resulting from placing the equipment in electromagnetic fields that interfere with data transmission or in covered spaces that interfere with data transmission or reception or access to Coverage (GSM or GPS);

11.6.4. Work, service or operations performed on the Tracker or the servers used to provide the Weenect Service;

11.6.5. Inaccurate or out-of-date information provided by the Customer;

11.6.6. Events or problems that impact the Company's services;

11.6.7. Disclosure by the "Customer" of confidential information to unauthorized persons;

11.6.8. Suspension of the services due to non-payment by the Customer.

11.7. In this respect, the Company is responsible only for direct, personal and certain damage related to the failure in question, at the exclusion of any compensation for indirect damage and/or harm. The Company and the Customer expressly agree that damage not resulting directly and exclusively from the Company's breach of a

contractual obligation is considered indirect damage. In any case, the Company's liability for all refills may not exceed the total sums (excluding VAT) actually paid by the Customer to the Company over the last 12 months.

11.8. The Company may not be held liable for harm in case of force majeure. The Company and the Customer expressly consider cases of force majeure to include the events cited by the case law of the French courts as being unavoidable, unforeseeable and beyond the control of the Parties, as well as the following events: fires, water damage, natural disasters, storms, lightning, strikes, floods, earthquakes, attacks, explosions, wars, military operations or civil unrest, interruption of means of transport or supply, power supply interruption, any legislative or regulatory restriction on the provision of a Weenect Service, and any decision by a public authority not attributable to the Company that prevents the provision of a Weenect Service.

11.9. Moreover, use of the Tracker may under no circumstances exempt the Customer from strictly complying with legislation.

11.10. The Company may not be held liable for any loss of data that may occur during use of the Website or App and/or for the inability to access or use the latter.

11.11. In addition, the Website may contain advertising, promotional, commercial or sponsorship links and visual elements that direct the user to websites of third parties or independent service providers. The Company is not responsible for the contents of said third parties or third-party websites and does not guarantee their accuracy, validity, quality or integrity, particularly as regards transactions carried out directly between the Customer and a third-party reseller or service provider not affiliated with the Company.

11.12. Moreover, the Company cannot assume connection costs and, in general, any communication costs resulting from access to the Website and its use by the Customer.

ARTICLE 12. ASSISTANCE

12.1. The Company has set up a Customer hotline which can be reached at the following number: +33 (0)1.82.28.39.40 (price of a local call), accessible Monday through Friday from 10:00 am to 12:00 pm and from 2:00 pm to 5:00 pm (except holidays, GMT+1).

12.2. The Company offers Customers free online assistance (excluding possible Internet connection costs) on the Website via a contact form.

12.3. In case of a problem, the Customer may find a solution by contacting a customer service representative as described above. In order to be valid and taken into consideration, any complaint, dispute or refund request must be accompanied by receipts. The Company agrees to respond to any complaint, dispute or refund request within 30 business days of the date of receipt.

ARTICLE 13. INTELLECTUAL PROPERTY – SOFTWARE - APP

13.1. The Company is the exclusive holder of the intellectual property rights to Weenect's Trackers, Services and Subscriptions. "Weenect" is a registered trademark owned by the Company. No provision of these TCS may be construed as a transfer of any kind of an intellectual property right to this trademark to the Customer or any user.

13.2. Use of the software embedded in the Tracker or of the App available in the Apple Store or on Google Play is subject to the Customer's acceptance of the following conditions:

13.2.1. The Company grants the Customer, who accepts, a personal, limited, non-transferable and non-exclusive right to use the Software and the App (hereinafter the "License") under the terms and conditions set out below.

13.2.2. The License includes only the right to use the Software and the App (including its documentation) during the Subscription period purchased by the Customer.

13.2.3. The License does not include the transfer of ownership of the Software, the App or any of their elements (including the documentation) to the Customer.

13.2.4. The Customer agrees not to decompile, reproduce, translate, adapt, reconfigure or modify the Software, the App or the related documentation, even if such actions are necessary to allow the Software or App to be used according to their intended purpose.

13.2.5. The Customer may not make a backup copy of the Software or App and is prohibited from using the

Software or App in connection with any product other than the Tracker.

13.2.6. The Customer is prohibited from any transfer, redistribution or sublicensing without the Company's express prior written approval.

13.3. The Company may update the software embedded in the Tracker remotely.

13.4. In general, the Company reserves the right to change, at its sole discretion, the technical specifications of the Tracker, the App and the Weenect Service, as well as the communication technology used for the Weenect Service, at its own expense. The Customer may not cite such a change as grounds for cancellation of these TCS.

ARTICLE 14. INFORMATION TECHNOLOGY AND FREEDOM - PROTECTION OF PRIVACY

14.1. The Customer's information is the subject of two declarations and a commitment of compliance sent to the CNIL:

14.1.1. Declaration no. 1621514 for the Customer's personal information

14.1.2. Declaration no. 1621521 concerning information related to GPS tracking.

14.2. Customers may access tracking information in their Customer Area.

14.3. In accordance with Articles 39 et seq. of the French Data Protection Act (law no. 78-17) of January 6, 1978, any person may obtain information concerning him/her and, where applicable, have such information corrected or deleted by mailing a letter, along with proof of identity, to the following address: HAREAU SAS / WEENECT, Informatique et Libertés, 83 rue carnot, 92150 Suresnes.

14.4. The Customer agrees to use the Trackers, Subscriptions and Services for the purpose of tracking his/her own children in the case of Weenect Kids, his/her own willing relative in the case of Weenect Silver, and his/her pets, in the case of Weenect Pets and/or Weenect Cats, and under no circumstances for other minors or adults.

14.5. The Customer will be solely responsible for using the Trackers, Subscriptions and Services to track persons other than his/her own children, in the case of Weenect Kids, and his/her dog(s) or cat(s) in the case of Weenect Pets and/or Weenect Cats.

14.6. In this case, the Customer must have informed the relevant individuals of the existence and purpose of the GPS tracking Service.
